the fund.

"Having heard how good you have been to hundreds of children in sending them to the country, I beg you you should send mine, because they suffered very much this winter, and even now they are not getting what they should get. I have five. My husband was hurt—it's nearly two months—and I have to work hard to make ends meet. I am living in a bad section and my rooms are bad—only skylight air. So if you could send them for a couple of weeks it would make them strong for the winter.

Dear Mrs. Donovan.

# Lieut. Mitchell Is Acquitted of

O'Neil and Others Accused by U. S. Implicated by Stories of Draftees

Judge Martin T. Manton in the Federal Court yesterday directed the jury to return a verdict of acquittal in the case of Lieutenant Leonard Mitchell, who was on trial with Frank O'Neil, former State Boxing Commissioner; Lieutenant Oswald Simpson and Samuel Reichback on a charge of accepting money to obtain the discharge or transfer of men in the military service. Judge Manton took this action immediately after George Curtis, Assistant United States Attorney, had rested the case of the prosecution on the ground that no evidence had been presented against Lieutenant Mitchell. The case against the others will be resumed Monday when the defence will start.

start.

Martin W. Littleton, counsel for O'Neil, moved to dismiss the indictment against his client. The motion

3.00 the army." Reichback, according to the witness, said that his lawyer, O'Neil, could have his son released from the army by having him reëx-amined and disqualified because of 6.00 heart trouble.

The witness said that Reichback informed him that for \$2,000 the matter 12.00 of his son's discharge could be fixed 10.00 up. The money was not paid and young Schechtmann was later released on reëxamination by the medical of-

Urged in Revenue Bill WASHINGTON, July 19.—A 10 per ent minimum income tax for individ-

comes and excess profits could not be raised. Some members suggested resort to consumption taxes, but this was regarded as a last expedient. A slight tax on cotton also was suggested.

On the assumption that nation-wide prohibition legislation now pending in Congress will not be enacted this year, there was renewed discussion of obtaining more revenue from beer and other intoxicating liquors. It was suggested that a direct tax on gross sales in all transactions from manufacturer to consumer would yield \$2,000,000,000.

# Balfour Opens Drive For Business School

Starts Campaign for Commerce Department for London University

LONDON, July 19 .- With the orsement of Arthur J. Balfour, the Foreign Secretary, a campaign is under way to have London University institute the study of and degrees in commerce. At a meeting last night, at which Mr. Balfour was the chief speaker, the scheme was warmly indorsed, and a committee was appointed to raise funds to further the cam

After dealing with various objec- Co-operative Plan Will Be tions, especially the contention that the scheme would lower university the scheme would lower university study, give it an almost sordid aspect and have a narrowing effect, Mr. Balfour said the courses of study proposed would widen the view of those engaged in commerce. "Some persons seem to think that the infinite activities of the commercial and industrial world were beneath the notice of highly educated and intelligent men," he said, but continued: "A more profound mistake does not exist."

The Foreign Secretary declared there were few subjects having so many aspects of interest. The making, transporting and marketing of goods and the financing of their distribution formed a subject so profoundly complicated, he said, that a man not needing to earn a living and having no idea of gain might well devote himself, from a purely scientific viewpoint, to these whisets. Commerce

of gain might well devote himself, from a purely scientific viewpoint, to these subjects. Commerce, he said, taught the science of social organization, diplomacy and international relations in every aspect.

"How can such a study have a narrowing effect?" Mr. Balfour asked, and concluded: "The university will do a great work if it will carry out such a scheme."

# **British Munition**

A large number of skilled munition workers, it is stated, have handed in notices, which take effect next week. Cessation of work by these workers, it is added, would lead to the stoppage of the production of some of the most

of the production of some of the most vital and urgently needed appliances and munitions.

The ministry explains that the threatened strike does not arise out of any difference between the employers and the workmen, but from the action of the government in seeing that skilled labor was fairly divided among the munition firms. This had brought about a great deal of misunderstanding, which every effort was paing to ase naval engineers and firemen in their places.
